

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

4. Separate water-closet accommodations for each sex, approved by the department of health, must be provided, constructed, and maintained so as not to cause a nuisance or to contaminate the water used by bathers.

5. Proper and adequate facilities, approved by the department of health, must be provided for sterilizing bathing suits, towels, shoes, stockings, caps, or other articles which may be used by or hired to patrons of the establishment. All such articles that have been so hired or used must be sterilized before again rehiring or permitting the use of the same.

6. Bathhouses and the premises on which the bathing establishment is located must be maintained in a cleanly and sanitary condition.

7. The rules of the department of health governing bathing establishments must be kept posted in a conspicuous place in said establishment.

#### **Camps—Sanitary Regulation. (Reg. Bd. of H., Apr. 21, 1914.)**

1. *Water supply.*—(a) An adequate supply of drinking water must be provided on camp grounds; at least one tap provided for every four tents; said taps must be so arranged as to be easily accessible to occupants of tents. Water from wells other than public water supply can not be used without a permit from the board of health.

2. *Disposal of waste liquids.*—(a) Waste liquids shall be disposed of so as not to create a nuisance.

3. *Privy accommodations.*—(a) Sewer-connected, water-supplied, properly flushed water closets shall be provided where sewer connections are possible.

(b) Where sewer connections are not possible, dry-earth system must be used.

(c) Where dry-earth system is used the privy house and appurtenances shall be so constructed that the platform on which privy cans are set shall be at least 4 inches above the surface of the surrounding ground; said platform to be of nonabsorbent material.

(d) Privy house must be provided with sufficient seats, and seats must be provided with tight covers and closed when not in use.

(e) Privy houses must be constructed and arranged so as to prevent saturation of same by filthy liquids.

(f) Privy houses must be adequately ventilated and properly screened and protected against flies.

4. *Garbage and refuse disposal.*—(a) All garbage and refuse must be stored in metal cans with tight covers.

(b) Garbage must be removed daily from premises before 8 a. m.

5. Premises on which tent, camp, or bungalow is located must be owned by applicant, or proof furnished that premises are occupied by permission of or under lease from owner.

#### **Stationary Pool Baths Using Water Other Than River Water—Sanitary Regulation. (Reg. Bd. of H., Apr. 21, 1914.)**

Stationary pool baths using water other than river water must comply with the following requirements before a permit to maintain a bathing establishment will be granted by the board of health:

1. The pools, plungers, and mixers must be emptied daily, and the bottom and side walls of same thoroughly scrubbed before refilling. The water of the pool must be maintained in a condition suitable for bathing purposes at all times.

2. Adequate toilet accommodations and shower baths approved by the department of health must be provided.
